Payroll Service you can **Trust**

MEGAPAY OUTSOURCED

by INTELLIGO

QQI chose Intelligo's Managed Payroll Service, MegaPay Outsourced, to manage the payroll for their employees across two sites.

Background

Founded in 2012, QQI (Quality and Qualifications Ireland) is a state agency established by the Qualifications and Quality Assurance (Education and Training) Act 2012 with a Board appointed by the Minister for Education and Skills.

Their mission is to promote the enhancement of quality in Ireland's further and higher education and training; to quality assure providers of education and training; and to support and promote a qualifications system that benefits learners and other stakeholders.

Choosing MegaPay Outsourced

According to Celine Kelly HR Business Partner for Quality and Qualifications Ireland "QQI went to tender for payroll services and Intelligo's MegaPay Outsourced won the contract based on experience within the public sector and the services offered."

Benefits of MegaPay Outsourced

QQI noted a number of benefits, these include:

- Efficiency in administering the payroll.
- Reduction in administration for staff and very few audit queries.
- Intelligo staff very helpful and go the 'extra mile'.
- Trust - our information is confidential and deadlines are never missed

The Outsourcing Process

Celine also added: "As we are an amalgamated body, initially there were a few challenges, e.g. collating all of the data from the previous bodies, communicating with Intelligo and basically setting up our systems, etc. and establishing the best way to work." Intelligo worked with a dedicated Project Management team made up of members of both companies to ensure a smooth transition to MegaPay Outsourced.

"QQI went to tender for payroll services and Intelligo won the contract based on experience within the public sector and the services offered. The staff are very helpful. They provide an outstanding service to us, are always efficient, effective and very helpful."

Celine Kelly, HR Business Partner, QQI Ireland.

1 Set monthly fee enables efficient budgeting.

2 No more hardware or software costs.

3 Consistent expertise from our Payroll Specialists.

4 Robust data security including disaster recovery.

5 Reduce risk of single point of exposure.
