Sunbeam House Services

MEGAPAY

by INTELLIGO

Payroll Solutions you can Trust

Sunbeam House Chooses Intelligo's Corporate Payroll Software – MegaPay.

Background

Providing a range of supports to adults with intellectual disabilities, Sunbeam House Services (SHS) chooses Intelligo Software's leading corporate payroll software, MegaPay to manage their payroll function.

SHS aim's to empower people with the necessary skills to live full and satisfying lives as equal citizens of their local communities. Listening and responding to the needs of customers are the hallmarks of a quality service. SHS annually ask every person to tell them about their hopes and dreams for the future and their needs for the present. Sunbeam House currently employs 308(WTE) employees across 24 sites in Co. Wicklow.

The success of SHS has brought with it many payroll challenges from multiple sites to managing employee working patterns, hours, leave, etc. Combined this has meant that an efficient, flexible and reliable payroll system is required.

Maintaining their Payroll Software

According to Nigel Locke, General Manager of SHS, "We are one of Intelligo's original MegaPay users, and given that they have kept MegaPay fully up-to-date and because of their good customer service, we have had no need to look elsewhere. As our organisation payroll requirements have changed over the years, MegaPay has grown with Sunbeam House! I think part of Intelligo's

success is to do with the on-going goal of not only listening to their customer's needs and requirements but having the ability to continually take these comments on board by updating and improving MegaPay."

Key Features of MegaPay:

- **Importing Timesheets:** The direct import into MegaPay has saved us time and effort every week/month.
- **Reporting:** The flexibility of the Report Writer means we do not spend hours writing our own reports.
- **Easy to Use:** This enables us to perform our payroll process in an efficient and effective manner.

Working with Intelligo

"We find the customer support staff very helpful, when I have a question with a function in MegaPay, they are open to suggestions for further improvements and we are very satisfied with the level of support provided."

Nigel added "MegaPay is a payroll system that is ideal for a health sector agency like SHS, as well as providing a facility for various rates of pay; it has a report writer function that can be used to produce any type of payroll report required at the touch of a button."

“MegaPay's ability to send payslips by email has helped save time and money for Sunbeam House Services”

Nigel Locke, General Manager, Sunbeam House Services.
