*"Intelligo reduces our need to have full-time resources on payroll activities which is transactional and allows more HR time".*

Patricia Nolan, Head of HR, Blackrock Clinic

### Background

Blackrock Clinic is the leading and longest established private hospital and clinic in Ireland. Since it opened in the mid 1980s, the Clinic has consistently built an unparalleled reputation in new high-tech surgical procedures, medical treatments and ground-breaking diagnostics. This reputation means that some of the best international and national consultants work at Blackrock Clinic.

### Why Intelligo?

According to Patricia Nolan, Head of HR in Blackrock Clinic - *"We had difficulty recruiting a Payroll Officer to cover a maternity leave contract. Megapay was our payroll package and Intelligo already had a great understanding of the complexities of healthcare payroll".*

### Outsourcing Process

Patricia concluded - *"The biggest challenge was setting up the process for the handover of payroll information and timesheets. We had very strong support from Intelligo on it though, who got to grips with our needs quickly."*

### Benefits of Intelligo

Blackrock Clinic also noted a number of benefits of using Intelligo -

- > Streamlined Payroll Processes
- > Moved to Timesheet Imports
- > Sending Electronic Payslips to all Staff
- > More Time to Spend on HR Activities
