BWG Foods Chooses Intelligo’s Corporate Payroll and Human Resource Software – Megapay and MegaHR

“The Workbench Module is of massive benefit as it affords full flexibility to change and adapt MegaHR in line with BWG’s business needs and HR Policies.”

Mary Wall, HR Manager, BWG Foods.

Background

BWG Foods has been in operation since 1972 and is one of the largest wholesale and retail company’s in the Republic of Ireland employing over 700 staff across 24 different sites.

BWG provides a wide range of goods to the retail grocery trade, the licensed trade and the foodservice sector.

Furthermore, they provide professional and innovative services through their 2 main divisions;

- Wholesale division which owns and operates Value Centre Cash and Carry Chain and BWG Foodservice and also operates the XL franchise.
- Retail division which operates the SPAR and MACE franchises.

Furthermore, it has proved a beneficial tool in terms of audit management from a payroll perspective and allows us to ensure contractual matters are managed in line with best practice.

“We chose MegaHR as our preferred HR solution from the other systems on the market as we were also using Megapay, Intelligo’s corporate payroll software. This ensures a dynamic link between both payroll and HR, without double entry, as both systems are streamlined.”

Key Features

Mary added, “The workbench module is of massive benefit as it affords full flexibility of the system to change and adapt in line with business needs and HR policies.

Overall the system is very dynamic. I would definitely recommend MegaHR from Intelligo Software to other companies sourcing HR software.”

Working with Intelligo

According to Mary Wall, HR Manager for BWG Foods, “MegaHR is a core part of our HR function and has added to our efficiencies both within the HR department and throughout the company.”
