Choosing Intelligo

Beginning their journey with MegaPay Outsourced several years ago, Eoin Heagney the Managing Director of Antalis Ireland recalls "We moved away from our previous provider as they stopped offering the support we needed. We were recommended to Intelligo and from initial contact they were responsive to inquiries and demonstrated the ability to deliver outstanding quality, service and value to Antalis."

"We undertook the project and we were very satisfied with the management of the payroll implementation. Intelligo's ability to keep commitments and to meet go-live timelines confirmed we had chosen the right provider."

Working with Intelligo

Eoin continued "We are very pleased with the excellent quality, reliability and customer service given. We found the staff in MegaPay Outsourced to be very good and extremely diligent, especially our allocated payroll professional whom we mainly deal with."

Intelligo will strive to continue meeting the payroll needs of Antalis with many more years of successful partnership to come.
