Background

Specialist Holidays Group have joined with MegaPay Outsourced to manage the payroll for their 70 Irish based employees.

The Outsourcing Process

When asked about their experience of outsourcing their payroll to Intelligo, Mark O'Reilly, Head of Finance of SHGI, said:

"The process is seamless, which allows me to focus on areas where I add more value. Payslips are done in a way that is easy for the staff to understand and issued digitally, which means they have their information immediately in a secure manner. Intelligo offer fabulous

service and value for money. We saved 50% with Intelligo compared to our old provider, and this was before I add the extra costs of time we had to spend processing our payroll with our previous provider".

Benefits of MegaPay Outsourced

Specialist Holiday Group Ireland also noted a number of benefits of using MegaPay Outsourced to manage their payrolls, these include:

- Very efficient turnaround, usually less than a day.
- All statutory reporting completed, including quarterly CSO requests.
- Great service, even on items that don't meet the SLA like ad hoc requests.
- Adapts to meet our compliance requirements.
- Tailor made monthly reports that are required for reporting internally, this has saved me significant time.
- Digital Payslips are clear and easy to explain to staff.

"We chose to outsource our payroll to Intelligo over any other provider due to their speedy turnaround, value for money and excellent software and services. It's clear Intelligo understands great customer service is as important as fantastic software."
